MARTIAL LAW IS DECLARED

TROOPS IN CHARGE OF COLORADO COUNTY

Soldiers Dispatched to Cripple Creek District to Maintain Order—No Serious Outbreak Occurred Yesterday.

Denver, June 7.—Acting Gov. Warren A. Daggot declared martial law in Teller county at 3 o'clock to day. Though troops will be dispatched to the Cripple Creek district to restore and maintain order.

NO OUTBREAK.
Cripple Creek, June 7.—A thousand of a few small fights in connection with the bounding up and arresting of union miners no outbreak occurred in this district today. Two local companies and a small army of armed deputies under Sheriff Bell are in full control. Though there has been no disturbance to day, there is an undercurrent of feeling which bodes ill.

Secretary Hamlin, of the Mine Owners' association, declared to day that the 200 prisoners now held in the armory in Victor will be run over the hills and carried never to return. There is a minority element in favor of hanging former Marshal O'Connell and Alfred Miller, the latter being charged with having started the riot yesterday. No hanging will take place, however, unless resistance is offered by the prisoners. It would require little to have a wholesale hanging. City Marshal Graham and Justice of the Peace Harrington have been forced to resign by the Citizens' alliance. Assistant District Attorney Cole, County Judge Frost and County Clerk Mannix are also to be requested to resign.

TWO MORE DEATHS.
Two more names were added to day to the list of those killed by the Independence dynamiting. They are George S. Henderson and Fred Beckley. It is believed the bodies of several others were blown to atoms and the remains are at the bottom of the hole made by the tremendous explosion.

Sheriff Bell has sworn in 1,000 deputies. A search has been established over the Victor Herald. Bloodhounds trailed the assassin who killed the Findlay mine a distance of three miles. There the hunt was completely lost.

Denver, June 7.—While early reports to day from Victor and Cripple Creek indicate semi-peaceful conditions prevailed, signs of another outbreak at any moment are general. Throughout the night squads of citizens, reinforced by details of militia, traveled over the districts, making arrests, until now the bull pen is filled with 200 or more prisoners. The city marshals of Anacosta, Goldfield and Independence are among the prisoners.

SCOURING COUNTRY.
Cripple Creek, June 7.—An armed posse of 300 deputies is now scouring the hills of the Cripple Creek district with the object of rounding up every union man and pauper in the camp. They will be escorted to the county line and warned never to return to Teller county. Union men are well armed and say they will resist any attempt at deportation.

OFFER REWARD.
Denver, June 7.—The Western Federation of Miners to day adopted a resolution offering \$5,000 reward for the capture of the perpetrators of the dynamite outrage at Independence. Vice president Williams and Secretary Jaywood were re-elected. Owing to the absence of President Moyer, a president was not chosen, the resolution providing the president must be present when the office is elected.

GREAT TESTS OF SPEED.
Washington, June 7.—United States Consul Frank H. Mason at Berlin has sent the state department a report of one remarkable speed trials upon four miles of track between Marlenfeld and Cossens. The first trials were with electric motor cars, which Mr. Mason reported some time since. The last tests were with steam locomotives. The electric cars attained a speed of 112.2 miles per hour, or nearly 10 miles per minute, without undue strain on the working parts of the motors, the tracks or discomfort to the passengers. The steam locomotives registered from eighty to eighty-five miles per hour.

According to the experts the electric high speed trains are a very little cheaper to operate than those propelled by steam.

TO INVESTIGATE SHOOTING.
New Chwang, June 7.—United States Consul Miller left here to day by special train for the scene of the killing of Lewis Ritel, of Butler, Pa., correspondent of the London Daily Telegraph, who was shot by Chinese soldiers near Shwanatze. Miller will personally investigate the death of Ritel.

Dietz, who was not in court in person, was characterized by the judge as an anarchist.

RECEPTION FOR NOYES.
Washington, June 7.—A thousand of the best known citizens of Washington to day tendered a reception to Crosby S. Noyes, editor-in-chief of the Evening Star. It was a testimonial of affection, esteem and gratitude for Noyes' work in more than half a century in developing the national capital. Over 300 congratulatory letters were received from newspapermen, congressmen and others. President Roosevelt and Secretary Hay also sent letters of congratulation. At the conclusion of the speeches Noyes was presented with a handsome loving cup.

Chicago, June 7.—Next Sunday afternoon the remains of the unidentified victim of the Irroquois theatre disaster will be buried in the Montrose cemetery, where a lot has been purchased by the Irroquois Memorial association, under whose direction the ceremonies will be held. The body is that of a woman about 30 years of age. Hundreds have looked at the body, but in spite of this fact and the features are not married, she has never been identified.

Peoria, Ill., June 7.—One more body, that of Joseph Zimmerman, was taken from the ruins of the Corning distillery to day. W. Yyons, register; Ellis H. Roberts, treasurer; portrait of Benton. The counterfeit is a well executed lithograph. The most noticeable defect is the portrait of Benton, where the absence of light and shade effect give a flat unnatural appearance.

CANNON IN WASHINGTON.
Washington, June 7.—Speaker Cannon arrived in the city to day and during the afternoon held a conference with the president, at which it is believed the vice presidency was discussed, although neither the president nor the speaker could be seen to obtain specifications of the conference.

MINE OWNERS ARE INCENSED

BY DISCOVERY OF A PLOT TO ASSASSINATE.

Evidence Found in Hall of the Miners' Union—Fate of Ring Leaders in the Hands of the Citizens' Alliance.

Victor, Colo., June 7.—Two hemp ropes, knotted with a noose for hanging, were lying on a table in the room where the Cripple Creek district Mine Owners' association held a heated discussion to day behind closed doors. The members were greatly incensed by the discovery of what they regarded as evidence of the existence of a plot in the Victor Miners' union for the wholesale assassination of mine owners and miners. This evidence was a bundle of forty marked photographs found by Lieutenant Keegan in the union hall. The photographs were of groups of men employed in various mines. The most important one was a group of the night shift of the Vindicator, containing about twenty portraits, five of which were numbered one to five. On the back were written the names of the persons numbered. Of the five names those of Charles McCormick and Nel Beck had been crossed out. These two men were killed in the Vindicator explosion last November. The news leaked out to day that Alfred Miller, former Marshal O'Connell and Thom Christman, regarded as ring leaders in the rioting yesterday, were marked for lynching on that account. The failure to capture Christman last night was the only reason the plan was not carried out. The other two are still in custody awaiting the decision of the Citizens' alliance as to their fate.

DONLAP'S ASSERTION

Says Hopkins is For Cleveland for President

Chicago, June 7.—For president, Grover Cleveland; for chairman of the Democratic national committee, John P. Hopkins, of Illinois.

"This, according to Millard F. Dunlap, manager for William R. Hearst in Illinois, is the program of the Hopkins crowd in Illinois to be followed both in the state and national Democratic conventions.

"A report that Hearst has sent instructions to me here to fight Hopkins is untrue," said Mr. Dunlap yesterday. "There never has been a combination between John P. Hopkins and William R. Hearst in Illinois. Everybody knows that Hopkins joined Hearst for the purpose of beating Harrison."

Henry; Iowa, Carl W. Ross and Joseph E. Walker; South Dakota, Paul M. Young; Wisconsin, Athol E. Rollins and Richard F. Seolz.

AXE FALLS ON TWENTY-SIX.
With one fell sweep Governor Yates cut off the official heads of twenty-six state employees who failed to support him in a satisfactory manner for reappointment by the Republican state convention.

The list includes two different classifications. One of these covers state officials who were delegates and did not vote for the governor, and the other includes office holders who were not delegates, but who failed to display the proper energies on behalf of Governor Yates' candidacy. The executive takes the position that all people who held jobs under the state administration should have helped him in preference to other candidates and that any officeholder, whether a delegate or not, should have been as active in his behalf as persons who were not beneficiaries under his administration.

OFFICIALS ASKED TO RESIGN.
It is list of officials asked to resign who were not delegates includes:

Thomas P. Aspinwall, Freeport, trustee of the Pontiac reformatory.
J. B. Blackman, of Harrisburg, Saline county, commissioner of the southern Illinois penitentiary.
Dr. C. S. Blackman, of Hardin county, physician at the Asylum for Criminal Lunatics.

Dr. A. M. Lee, of Jackson county, physician at the southern Illinois penitentiary at Chester.
C. M. Eldredge, of McHenry county, clerk in the grain office at Chicago.
W. L. Whitlock, of Vermilion county, clerk in the grain office at Chicago.

W. C. Thiers, of Elgin, Kane county, chief clerk in the Elgin insane asylum.
William Umbach, Joseph Kohl, Fred Best and Edward Matthes, all lodging house inspectors in Chicago, and appointees of the Lottner machine.

DELEGATES ASKED TO RESIGN.

Charles Tongin, delegate from Will county, chief engineer at the Joliet penitentiary.
William G. Lamb, delegate from Cook county, chief lodging house inspector.
E. J. Smajkal, delegate from Cook county, lodging house inspector.

METHOD OF DISCRIMINATION.
The officials from Will county who lost their positions stood with Congressman Howard M. Snapp, Warden E. J. Murphy of the Joliet penitentiary and Congressman Hopkins, and these leaders went to Lowden on next to the last day of the convention. The test of faith came when Governor Yates made the demand upon his delegates and lieutenants to vote for Denen. All who voted that way, and the governor delivered 46 delegates, are in safe positions. Those who refused to be delivered or work along that line are in bad standing. All of those included in the above list will receive official communications demanding their immediate resignations and all who fail to respond will be removed. A further list of summary discharges is expected.

ATTEMPT TO TAKE PORT ARTHUR

ATTACK MADE FROM SEA AND LAND

News Brought to Chee Foo by Chinese Junk—Rumored Russians Plan to Take Battle Fleet Through Dardanelles.

Chee Foo, June 7.—Proceeding the sea attack on Port Arthur last night the Japanese apparently made a determined effort to advance on that stronghold by land. A Chinese junk which left the vicinity of Port Arthur early Monday arrived here. She reports having heard from seven Monday morning until two that afternoon, by which time she had passed out of hearing. It would appear the Japanese planned a land and sea attack on Port Arthur. Japanese on seeing this sent out their fleet to give battle. The result is not known.

BLACK SEA FLEET.
St. Petersburg, June 7.—Grand Duke Alexis, commander-in-chief of the navy, according to an apparently reliable report, which, however, is not officially confirmed, has obtained permission from the emperor to create a third Pacific squadron from the ships of the Black Sea fleet, and permission has already been obtained from Turkey to take the ships through the Dardanelles on condition that they will not return.

London, June 7.—The foreign office has not received any request from Russia or Turkey to agree to the passage of the Russian Black Sea fleet through the Dardanelles. It is pointed out that Turkey doubtless would be delighted to get rid of Russia's Black Sea fleet, but the passage of the warships through the Dardanelles would be a distinct contravention of the treaty, permission for which has not been asked nor is likely to be granted, if asked for.

WAR REPORTS.
Tokio, June 7.—A detachment of the Japanese force which landed at Takuan surprised and routed a company of Cossacks Sunday at Kan Chan, seven miles northwest of Takuan. Their approach was stopped by an advance of our troops. The firing lasted two and a half hours. We had two men killed and six wounded."

They then arrested her on a warrant charged her with extortion in having secured \$7,500 from Platt in May last. Immediately afterwards papers in civil action were brought against her by Platt and were served.

DIAMONDS STOLEN.

ESTABLISH A NUNCIATURE.

Baltimore, June 7.—On the authority of a prominent churchman it is stated the ultimate object of Cardinal Sallib's visit to the United States is to establish a nunciature at Washington, and that Archbishop Ireland and Rector O'Connell, of the Catholic university at Washington, have agreed to assist in the work. The fact that Mgr. Fabozzi will leave Washington immediately after the arrival of Cardinal Sallib is regarded as indicating that the latter is to be the nation's special representative in the special mission. It is generally known that Cardinal Gibbons is opposed to a nunciature in this country and it is said that it is established, Archbishop Ireland's reward will be a cardinal's hat, while Dr. O'Connell will be made the first nuncio.

INQUEST AT MEREDOSIA

Man Found Dead on River Bank—Death Due to Overexertion

Samuel Ferguson of Meredosia, was found dead near the river in that city Monday morning about 7 o'clock by Milton Moon. Moon was on his way to work when he discovered the body about 30 feet from the river bank, one-eighth of a mile north of the railroad station. Life had evidently been extinct for some time.

Cornor Reynolds was notified and went at once to Meredosia, where he held an inquest over the remains. Two witnesses were examined, Milton Moon, who found the body, and Dr. R. L. Estes, Dr. Estes testified death was due to overexertion. He had prescribed for Mr. Ferguson about six weeks ago, and had at the time warned him to be very careful and quiet, as overexertion would probably kill him. The jury brought in a verdict in accordance to the facts as herein stated.

Mr. Ferguson was about 50 years old at the time of his death and had been engaged in fishing in the river in the vicinity of Meredosia for many years. He lived in a shack near the river and had evidently been trying to gather driftwood, when he overexerted himself, and in trying to reach his home, fell and was unable to rise, death soon following. The body was found about 200 yards from the home.

FOR THE CHILDREN

The Traitor Glass.

Take a drinking glass and fill it three-quarters full of water. The edge of the glass should be dry. Place upon it, as if you wished to protect the water from dust, a playing card of good, firm paper. The card must be large enough to extend over the edges of the glass. Let your card stand thus for half an hour. At the end of this time you will perceive that in consequence of the moisture of the water the card has swollen or arched a little above and consequently hollowed a little below, while the edges of the card have raised themselves from the edge of the glass. At this moment carefully take your card by one end and replace it reversed. Now place very gently on this card, exactly in the center, a small cork having on its upper part a slit, in which place a small paper man or woman. In putting your cork on the card you must work with a light hand, so you do not destroy the convexity of the card. Your manikin sits proudly on the cork, when after a few minutes a little clasp is heard, and your card, having again reversed the convexity, quite forcibly throws cork and manikin into the air.

Potato Paste For Stews.

In making stews or ragouts of cooked meats omit the flour as thickening, using instead a sort of potato paste made by cutting up potatoes into tiny bits and allowing them to come slowly to a boil after standing about half an hour in cold water. When the stew is nearly finished add the potatoes and allow all to simmer gently. The taste of the gravy will be found much superior to that prepared with flour or cornstarch.

To Wash Chamels Leather.

To wash chamels leather make a weak solution of soda and warm water. Rub plenty of soft soap into the leather, put into the soda and water and let it soak for two hours; then rub until quite clean. Rinse in a weak solution of soda and water with yellow soap, but not in water alone, or else it will dry hard. After rinsing wring it well in a rough towel and dry quickly, then pull it about and crush it until soft.

OPINION OF HARRY S. NEW

AS TO NEXT REPUBLICAN NATIONAL TICKET

Indiana Leader Declares It Will Be Roosevelt and Fairbank—Arrangements for Convention Completed.

Chicago, June 7.—Roosevelt and Fairbanks is the way the Republican ticket will read, in the opinion of Harry S. New, national committeeman from Indiana, and chairman of the sub-committee on convention arrangements.

"That is to say," adds Colonel New, "in the event Senator Fairbanks will accept the nomination for second place, and it is reported that he will."

"Up to date there are three candidates for vice president, whose names are before the public," says Elmer Dover, secretary of the national committee. "They are: Fairbanks, of Indiana; Holt, of Illinois; and Webster, of Nebraska. But there are likely to be some other names presented to the convention. If it is true, as has been reported, that Senator Fairbanks will accept the nomination, he will be likely to prove the most formidable candidate before the convention."

"Nebraska has endorsed Webster for vice president, and we expect to see him nominated," says National Committeeman R. H. Schneider, who came from Omaha last night, and is assisting Colonel New in the work of putting the Coliseum in shape for the convention.

Secretary Dover, Sergeant-at-Arms Stone and Chairman New of the committee on arrangements, moved their forces into the Coliseum this morning and will keep their headquarters there until the convention meets.

"The big convention hall will be in complete readiness a week before it is needed," said Colonel New. "The national committee, which will hold a meeting next Wednesday to make up the temporary roll and settle contests, will find everything ready for the convention which will meet a week later."

"This is something new in such matters," claims the chairman of the national committee. "The national committee meets next week it will have four state contests on its hands, Wisconsin, Texas, Louisiana and Delaware. The Wisconsin contest is the most important and is giving the managers considerable concern, as Wisconsin is the only one of the states named in which the success of defeat of the ticket will be a factor in the general result."

RAINEY FOR CONGRESS

HIRSCHMEIER FOR BOARD OF EQUALIZATION

Program Goes Through Smoothly—Resolution Committee Disagree—Dunlap Endorsed for National Committeeman—Primary Law for District.

Again the expected happened. It was a foregone conclusion that the big counties of the Twentieth Democratic congressional district would foreclose their mortgages on the little counties at the convention held Monday. The contest over a resolution introduced by Orin Tandy, of Morgan county, providing for the adoption of a primary election law throughout the district, with primaries to be held on the same day, proved to be the only feature of the convention proceedings. The gathering lacked enthusiasm, and the nominees were greeted with scant applause. By some adroit work on the part of Jefferson Orr, of Pike county, chairman of the committee on resolutions, and other members of that committee, a spirited discussion was avoided, but only at the expense of placing the convention in a most ridiculous position. There was no mention of the name Hearst during the proceedings of the convention, or any other Democrat of state or national reputation, except that of M. F. Dunlap, who in a brief paragraph was endorsed for member of the national committee from Illinois. Here was a spectacle of ten counties, all solidly instructed with Hearst clubs in every precinct, and yet not a mention of his name, except by way of apology in the resolutions, which meekly declared that the delegates were opposed to any compromise being made between the anti-Hearst forces, and those who had originally lined up for the New York candidate.

Congressman B. F. Caldwell, of Springfield, was present at the convention and addressed the delegates. His speech was the only one that seemed to stir up any enthusiasm. He made a hit with the convention by saying that he was in the presence of representatives from ten counties that have been absolutely regular, both in 1896 and 1900. By this of course, he meant that these counties had all been true to the Chicago and Kansas City platforms. The speaker evidently realized that he was treading on dangerous ground, and dismissed the subject by congratulating the counties on their regularity, and then proceeded to go back to 1881 and 1892 and take as his text a plank out of the Cleveland platform, namely: The tariff for revenue cry that was set up by the democracy in those years and which they are now trying to go back to without repudiation of intervening platforms. The smaller counties showed their temper in a decided manner when it was attempted to put the primary resolution through, and the motion called forth some vigorous protest, notably from Messrs Rainey, of Brown county; Nushbaum, of Menard county and Gridley, of Cass county. The

proposition was defended by Messrs. Bently and Williams, of Pike county. Gridley, of Cass, demanded a roll call on the resolution, desiring to put the counties on record.

The resolution carried by a vote of 14 to 32. Pike, Greene and Scott counties casting their solid vote for the resolution, and the smaller counties being nearly solid against it, with Morgan county straddling on the proposition, voting six votes aye and six votes nay. The vote of Morgan county on the resolution was characteristic of the part it took in the convention. It was not aggressive in any of the motions made, and even Mr. Tandy, who introduced his resolution, failed to speak in favor of its adoption. The convention was dominated by Pike, Greene and Scott counties, and the new counties of the district, Mason and Menard, were compelled to take their medicine in allopathic doses.

THE PROCEEDINGS
The convention was called to order by C. B. Lanning, of Menard county, chairman of the congressional committee, at 12:25 o'clock. The secretary, S. A. Hubbard, of Brown county, read the call. The chair announced that the congressional committee had selected as temporary officers of the convention, Hon. J. M. Riggs, of Scott county; F. E. Baldwin, of Morgan county; and there being no objections these gentlemen took their places as officers of the convention. There was not a murmur of applause, and although Judge Riggs appeared to be pleased with the honor conferred upon him, he was not sufficiently inspired to deliver his address of thanks outside of a monotone. After a few words of thanks, he asked for the pleasure of the convention, and C. O. Bentley, of Pike county, moved that the roll of counties be called and that each county name the member of congressional committee, member of committee on credentials, member of committee on permanent organization and member of committee on resolutions. On roll call the counties reported as follows:

Credentials—Brown, J. R. Wilkerson; Calhoun, Charles Flamm; Cass, John Shultz; Greene, F. B. Williams; Jersey, M. J. Dolan; Mason, S. A. Conklin; Menard, G. T. Kirby; Morgan, Daniel Babin; Pike, M. Hardy; Scott, C. P. Marsh.

Resolutions—Brown, Morris Kelley; Calhoun, Charles Flamm; Cass, R. H. Garm; Greene, M. L. Jones; Jersey, T. S. Fern; Mason, F. M. Hubbard; Menard, N. H. Greene; Morgan, M. H. Carroll; Pike, Jefferson Orr; Scott, F. L. Grable.

Permanent Organization—Brown, William A. McMahon; Calhoun, Chas.

WHY LIFE LOSES CHARM.

Many Men and Women, Not Really Sick, Are Out of Sorts—The Old-Time Energy and Exuberant Spirits Are Lacking.

Something is needed to restore that animation, that mental and physical zest and lust of life (the joy of mere living) that characterized the days before the system had been overtaxed or weakened by care, work, folly, excess or worry. Good, rich blood and strong, steady nerves are essential to perfect health and enjoyment of life. When lacking vitality, pleasures cease and work becomes a drudge and drag. Blood is the well-spring and nerves the main-spring of the body. With either of them impaired life loses much of its charm. Nothing puts animation and satisfaction into living so quickly, safely and surely as Dr. Chase's Blood and Nerve Food. It soon brings you out of all unnatural mental or physical conditions due to either blood, poverty or nervous debilitation. Weigh yourself before taking it. This is the food that made the name "Chase" famous. The genuine is manufactured only by The Dr. Chase Co., Philadelphia, Pa. Price 50 cents a box, five boxes, enough to give a fair trial, \$2.00. Book free. For sale by LEE P. ALLOTT.

J. Lannan; Cass, F. J. Trant; Greene, A. H. Barrow; Jersey, J. W. Roberts; Mason, M. Bolan; Menard, Otto Leitz; Morgan, A. L. Kume; Pike, C. B. Bolan; Scott, J. B. Thompson. Congressional Committee—Brown, Edward Powell; Calhoun, Charles Flamm; Cass, Charles A. Gridley; Greene, Howard Burns; Jersey, Edward Burns; Mason, F. M. Hubbard; Menard, C. H. Lanning; Morgan, F. E. Baldwin; Pike, W. H. Crow; Scott, C. S. Doyle.

John Shultz, chairman of the committee on credentials, reported no contest, and on motion the sitting delegates were declared the delegates of the convention. Charles Lanning, chairman of the committee on permanent organization, reported in favor of making the temporary organization permanent, and it was so ordered. Chairman Riggs again expressed his pleasure at the honor conferred, and said it was a pleasant task, which he always enjoyed, to stand in front of and look into the faces of men who are honest, the kind of men that always characterize Democratic conventions.

C. O. Bentley, of Pike county, moved the following order of business: the nomination of a congressman, nomination of member of state board of equalization, and report of committee on resolutions, and he further moved that the convention proceed with the order of business. The motion carried. On the roll call of counties for nomination of congressman, all counties were passed until Cass was reached, when Charles Gridley withdrew the name of L. A. Petefish, who had been endorsed by that county at its county convention. When Greene county was reached, the chair man of the delegation yielded the place to Scott county, and Chairman Riggs called Judge Higbee, of Scott county to the chair, and in a characteristic speech nominated Henry T. Rainey, of Greene county. When Jersey county was reached, Henry Sheppard, of Jerseyville, arose and stated to the convention, that while his county had endorsed him for the nomination for congress, he had instructed the chairman of the delegation to cast the county's vote for Mr. Rainey. When Pike county was reached, ex-Congressman Williams, who has resided for the past year in Chicago, and W. H. Crowe both arose to address the convention, and stood looking at each other until finally Mr. Crowe yielded the floor. Mr. Williams took occasion to second the nomination of Mr. Rainey, and urged the adoption of the policy of giving a congressman two terms. W. H. Crowe then moved that the nomination of Mr. Rainey be made by acclamation, and the motion prevailed unanimously. Mr. Rainey was called for, but the chair announced that a free dinner was awaiting the delegates at the Dunlap House, at 1:30, and if the delegates would indulge the chair, the convention would proceed with the order of business without further interruption.

Nominations were then called for, for member of the state board of equalization. The only name presented to the convention was presented by Pike, and C. O. Bentley in a very neat speech placed before the delegates the name of L. D. Hirschmeier, of Morgan county. Mr. Hirschmeier moved the nomination of Mr. Hirschmeier be made by acclamation, and it was so ordered. Ex-Congressman Williams, of Pike county, then made a motion, which was seconded by C. B. Lanning, of Menard county, that the convention adjourn. The chair raised the question as to whether the convention desired to adjourn while its committees on resolutions were still out, and several gentlemen desired to speak on the motion, but the chair ruled that it was not debatable, and on an aye and nay vote the motion to adjourn was lost.

Congressman Rainey was then called for, and C. O. Bentley and C. B. Lanning were appointed to escort the congressman to the platform. Mr. Rainey made a brief speech, expressing his gratitude to the delegates for their action, but stated that as he and Mr. Hirschmeier had invited the delegates to be their guests at a dinner at the Dunlap House at 1:30, he would avoid a discussion of all issues, and would leave such matters until further along in the campaign when he would be heard from on the stump.

Mr. Hirschmeier was then called for, and the chairman appointed Mr. Nushbaum, of Menard county, and Mr. Sheppard, of Jersey county, a committee to present the gentleman to the convention. Mr. Hirschmeier was received with hearty applause and his speech was devoted exclusively to expressing his gratitude to the delegates for their kindly action in nominating him for the third time. The committee on resolutions were still out and Congressman B. F. Caldwell, of Springfield, of the Twenty-first congressional district, was called for and addressed the convention. At the conclusion of Mr. Caldwell's remarks, which were exclusively along the line of a plea for reduction of the tariff and against protection and monopoly, Orin Tandy, of Morgan county, introduced a resolution providing for the adoption of a primary election law throughout the district, primaries to be held on the same day in all counties of the district, and county tickets in the several counties to be selected at the same time. Mr. Tandy moved the adoption of the resolution, which was seconded by Mr. Bentley. The resolution provoked the only discussion of any consequence that took place in the convention, and Mr. Rainey, of Brown county; Mr. Nushbaum, of Menard county, and Mr. Gridley, of Cass county, denounced in most vigorous terms the attempt of the large counties of the dis-

trict to thus dominate and dictate to the smaller ones. Argument, however, proved unavailing, and on roll call the large counties mustered twelve more votes than were necessary to carry the proposition. Judge Jefferson Orr, of Brown county, then announced to the convention that the committee on resolutions were ready to report, and after reading the report, providing as mentioned above, it was adopted without debate. The real contest over the report of the committee on resolutions occurred in the committee room, where, by a vote of 6 to 1, the resolutions as adopted were finally agreed upon. It was the desire of the more radical element of the committee to insert names in the resolutions and openly criticize such men as Mr. Hopkins for their attempt to betray the principles of democracy and for their previous opposition to the Kansas City and Chicago platforms.

Tom Ferns, of Jersey county, moved that the convention endorse the records of Congressman Rainey and Messrs. Hirschmeier and Gahnes Greene, the latter having also been a member of the board of equalization, and the motion was unanimously carried. Delegate Jones, of Greene county, then moved that the congressional committee be instructed to fill all vacancies that might occur on the ticket. After a resolution of thanks to the presiding officers, moved by C. O. Bentley, the convention was declared adjourned.

Delegates then adjourned to the Dunlap house and the delegates were guests of Messrs. Rainey and Hirschmeier at an elegant dinner, served by the proprietors of the hotel.

The congressional committee met and organized with W. H. Crowe, of Pike county, as chairman, and F. E. Baldwin, of Morgan county, secretary.

TEN YEARS IN BED.

R. A. Gray, J. P., Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Sold by J. A. Obermeyer, City Drug Store.

BIDWELL STILL LOVES THE GOVERNOR.

Joseph E. Bidwell's advice to every appointee, according to the Chicago Tribune, who stood out against the governor was to "throw up his job and hunt another one." Mr. Bidwell declared that he had seen a new light and was going to follow it.

"I had my eyes opened," he went on, "and propose to lead a different course. Hereafter I shall do politics under my own name and on my own account. I will show Governor Yates that I am his friend and can be loyal to him. How? Why by supporting him for United States senator to succeed Shelby M. Cullom. Two years hence I shall be a candidate for the legislature, and if elected the governor will get my vote for senator."

FINE CATTLE.

The Chicago Examiner says: "A drove of fat cattle, the largest reaching Chicago this season, were an attraction at the Stock Yards yesterday. They were fed by the state of Illinois at the Yrriana experiment station by Herbert W. Mumford, the noted livestock expert, to demonstrate the practicability of finishing beef on high priced Illinois land with expensive feed. John T. Alexander and Luther Conover of Alexander, Ward & Conover, handled the drove, which sold at the highest prices of the year, a top of \$3.20 being secured, with an average of \$3.10. Every buyer on the market wanted this stock, but Professor Mumford at the outset barred outsiders from the competition, owing to the necessity of a Chicago killing test to complete the experiment. This limited bidding to local slaughterers. The \$ & S. concern captured the entire complement, and after converting the cattle into dressed beef will ship the product to New York. The experiment not only demonstrates that beef making on Illinois high priced land is profitable, but will furnish feeders with valuable data when results are compiled. Had the stock been held ten days longer it would undoubtedly have sold 50c per cwt. higher, but the nature of the experiment required marketing when ready without regard to prices. At Chicago weights the entire drove averaged slightly over 1,400 lbs. This sale was a good barometer of market conditions, all good fat beefs being in urgent demand."

Peoria, June 7.—Twenty thousand people greeted the liberty bell on its arrival here to night. The bell's arrival was announced by the blowing of whistles and ringing of bells. Following the speeches a wreath of flowers was placed upon the bell. The train departed for Springfield at 7:35.

WHIPPLE ACADEMY

Annual Commencement Exercises Held in College Grove Tuesday Afternoon—Large Attendance.

Tuesday was the date of the annual commencement of Whipple academy and long before the hour for the opening of the exercises a large audience had collected, eager to enjoy the pleasures of the occasion. The academy holds a warm place in the hearts of many of the alumni of recent years and they join in the exercises of that institution with hearty joy. A large number of such men were present yesterday and by their interest and enthusiasm added an importance to the occasion which it does not always have.

The program opened with a selection by the college mandolin club, played in a characteristically artistic manner. Dr. Charles M. Brown then asked the divine blessing upon the assemblage.

The first speaker was Albert Carlton Shibe, who delivered the oration on Lafayette, by William Sprague. He showed an excellent understanding of the requirements of the selection and spoke with excellent effect.

"The Boat Race," of Oliver Wendell Holmes was next given by Miss M. Louise Robertson in a delightful manner. The young lady brought a charming personality to the delivery of her number, which was, indeed, a rare treat. Her interpretation was perfect and her characterizations absolutely above criticism.

Carl Oscar Gordon appeared next on the program with "Toussaint Louverture," by Wendell Phillips. This great oration by the peerless orator was given in an exceedingly creditable manner, which spoke well for the earnestness of the young man in his preparations for the occasion.

After another excellent number by the mandolin club, Dr. A. B. Morey was introduced and gave the commencement address. He took as his theme, "Pluck and Luck," contrasting the two elements and adducing many excellent lessons from numerous illustrations of the workings of each. He showed that pluck was the true key to success. The address was a timely one and was deeply appreciated by all who heard it.

The announcement of the prizes won during the past year was made as follows: Whipple prize, \$10 for first in declamation, Miss M. Louise Robertson; second prize, \$7, Carl Oscar Gordon; Smith prize, for best work in composition and rhetoric during the senior year, \$15, won by George J. Moore; two year scholarship in Illinois College for highest rank throughout the course, won by Albert Carlton Shibe.

Principal E. C. and Owen Shoop, then presented diplomas and certificates to the members of the class as follows: Shibe,

mae, Albert Carlton Shibe, East Bernard, Texas; M. Louise Robertson, Jacksonville, Carl Oscar Gordon, Xenia. Certificates of admission to freshman class of Illinois College, Gladys Louise Cochran, Jacksonville, George J. Moore, Bentonville, Ark., Golda Van Dyke, Greenup, and George W. White, Woodson.

ANNUAL CLASS DAY CELEBRATION

Illinois College Seniors Hold Exercises—Class Ivy Planted With Appropriate Ceremonies

The annual class day exercises of the senior class of Illinois college were held Tuesday morning in the Jones Memorial building with the usual display of wit and eloquence. A large and appreciative audience had gathered to witness the event, when the graduates on the platform marched to music by Jeffries' orchestra. Arthur F. Ewert, president of the class, presided and introduced Charles Mosley Eames, who read the history. His remarks were of a humorous vein and were well received. He gave a detailed account of the entrance of the class into college and described the personal attractions of each member in a manner that provoked laughter and applause.

Walter Henry Balke followed with the class poem. He roasted the individual members of the faculty and made much merriment at their expense.

After music by Jeffries' orchestra, Edward Phillip Brockhouse was introduced and read the prophecy. It was a splendid effort and his witty remarks were loudly applauded. He took his listeners thirty-five years into the future and showed how time would change the plans of many of the graduates. Wylder was to be a vaudeville performer, Lane a tragedian, Eames a Chinese missionary, etc.

Benjamin Franklin Lane was the orator of the morning and delivered a very forceful address on "True Americanism." He said: "The trend of the present day is to compromise with the forces of evil. The true value of manhood has been lowered through greed for gain. To day the saying, 'every man has his price,' is almost a fact. Competition has become so strong that men are forced into dishonesty to obtain a living. Large monopolies are oppressing people on every hand. The corruption in the political field has become appalling. The unit of our civilization is not the dollar but the man." The gentleman made a strong plea for pure righteous manhood. His delivery was excellent.

Lawrence Newton Wylder had charge of the presentation to the juniors. Mr. Wylder's ability as a fun provoker is well known and by his performance Tuesday, he well sustained his reputation. His bright comments on the peculiarities of the juniors brought forth continued laughter. Eilers was given a stein for the "Dutch." Cowdin a hymn book, Brown a novel, "Because I Love You So," Ducks Diamond Dick stories, Carter, an engagement ring with congratulations, Pires, a wooden pony, Jackson, a pair of scissors to cut his hair, Ward, a bottle of "extract of cow," Bellatti, a baby rattle, Professor Ramelecamp, class officer, a couple of caps, and the entire class a "rag to chew."

The audience then adjourned to the campus, where the ceremony of planting the ivy took place. Evert Dean Martain delivered the oration. He spoke feelingly of the pleasure the class had experienced during their college career. He expressed the wish that as the ivy grew so would their futures broaden and expand. This would be the last college event in which they would participate as a class, and was a time for serious consideration. He paid a glowing tribute to their class officer, Dr. F. S. Hayden. The address closed by planting an ivy plant at the northwest corner of the Jones Memorial building, and another most successful class day was concluded.

SCHOOL FOR BLIND

COMMENCEMENT PROGRAM GIVEN TUESDAY.

Exercises of a most interesting Character—Splendid Address by Hon. Richard Edwards.

The annual commencement exercises of the Illinois School for the Blind were held in the chapel of that institution Tuesday morning at 10 o'clock. The usual large attendance characterized the occasion and all enjoyed the unusually fine program.

The exercises opened with an orchestral number, "Cupidicta," (Tobani), after which Rev. R. O. Post asked the divine blessing upon the assembly. Two numbers by the junior chorus, "Springtime" (Greene) and "Cheerfulness," (waltz trio by Gumbert) followed, and then Superintendent Freeman introduced Henry Otto Bushing, who spoke on the question, "Should the Government Own the Railroads." The gentleman showed evidence of possessing oratorical abilities of a high order, and spoke in a clear, distinct voice with a very convincing effect.

Mr. Freeman then introduced Miss Theodora Josephine Frankson, who delivered a thoughtful essay on "Some Phases of Immigration." Her delivery was clear and fluent and was such as to hold the closest attention of the audience.

W. D. Paul Farthing then delivered an excellent oration entitled, "The Unpopular Race." It was an exhaustive review of the negro question, and showed evidence of extensive study of the question. His delivery was all that could be desired.

Miss Ananda Mauseke then sang most beautifully "A Day Dream" (Strakoski), with violin obligato by Reuben Horton, after which Superintendent Freeman introduced with a few eulogistic remarks Hon. Richard Edwards, ex-superintendent of public instruction, who delivered an eloquent address to the graduating class, taking as his subject, "Life, a School." A few extracts are given as follows:

In the language of ordinary life, you, the members of the graduating class of this institution, are to day closing your school work. According to this thought your educational career is at an end. But I wish to say to you that this is true in a minor sense only. What may be called your formal education is at an end. Your formal recitations are discontinued. The period in which your main work is to learn exclusively from books or from lectures, that period is passed. But to assume that all education for you ceases here is to assume that your future lives are to be barren. And that idea is not to be admitted. What is the great purpose of life? Why have these years been given to us? It is that we may be trained by them. It is that our intellectual equipments may be enlarged from year to year. It is that our moral energies may be increased as time passes. It is that with every day's experience there may be each of us an increase, an uplift of genuine manhood or womanhood, and this training must continue to the end of life, you are right in saying this is your commencement day.

The work which you have been doing at this institution is preparatory work. There is another grade of schooling waiting for you. You have been here getting ready for admission into the great University of Humanity. What has been taught you here has had for its very aim the

work of preparing you for the experience to come, so that you may be able to use those experiences for the best and noblest purposes. You have been under this world tuition from your first entrance on life. But now you enter it with a new preparation, with the preparation derived from your work in this noble institution.

Go forth, then, my friends! Engage in the battle of life with courage and hope! Adopt the highest ideals that are revealed to you. Dwell not upon your difficulties except with a purpose to overcome them. Be not disheartened by obstructions. On the contrary, let them stir you to increased activity. Remember that you are not alone in the matter of encountering obstacles. We all meet with them. We all find our powers limited. In many cases we can only see the outside of things. Beyond our vision there are mysteries too profound for us to grasp. There are glorious scenes of moral and spiritual achievement, which as yet we are not capable of discerning. What then! Shall we cease our striving? Shall we give up our efforts in despair? Shall we allow our courage to collapse, our hope to be extinguished? Not so! The difficulties must intensify our purpose, and in the end, increase our strength. They should prepare us for a more perfect enjoyment of the prize when at last we secure it.

Of course I am assuming that these efforts are in the right line, that we are laboring for worthy ends, for the glory of God and the good of men. Stronous effort in support of evil, or for mere selfishness, is destructive. In support of righteousness, or in promoting the welfare of humanity, we can all work together. The more we labor, the more strongly unified we become. But where each is working only for his own selfish benefit, the more we work the more we become separated. Out of such efforts, destructive competition and wars arise. It is thus that nations are crushed and the earth is stained with blood.

The senior and junior choruses then sang two grand numbers "Serenade," Meyer-Helmund, and Gloria (Twelfth Mass) of Mozart. Superintendent Freeman, with a few appropriate remarks, presented diplomas to the members of the graduating class, after which the benediction was pronounced by Rev. Martin Post.

As the orchestra played "Amaryllis" (Chrys), the audience tendered an informal reception to the graduates and thus ended what was probably one of the most successful commencement exercises in the history of the institution.

The members of the graduating class are Henry Otto Bushing, Mattson; Florence Anna Clapp, Sandusky; Watson Craiguelles, Hardlin; W. D. Paul Farthing, Odin; Theodora Josephine Frankson, Chicago; Henry Clay Kearns, Rosehills; Ananda Martha Mauseke, Chicago; George Miller, Ottawa and William Pearl Spillman, Jacksonville.

The chapel was beautifully decorated for the occasion with white flowers and foliage, and across the room, above the stage, was hung the class motto, "By Labor and Honor."

Among those from out of the city who were present were: Hon. John A. Brown, Decatur; Hon. Chas. D. Babb, Homer; Hon. Geo. W. Moore, Arnold, all trustees of the institution; Superintendent Jones of the Oregon School for the Blind, and Hon. William Farthing, states attorney of Marion county, whose son was among the graduates.

Many of the alumni were also present to attend the biennial meeting of the alumni association to day and the alumni concert to night.

LEDFERD'S

OUR NEIGHBORS

CRACKER'S BEND.
Children's day was observed at the chapel Sunday afternoon and we are glad to be able to report it a grand success in all respects—even the offering was not insignificant. The success of this affair, due to the efforts of two of our young ladies, viz.: Miss Grace Goodpasture and Miss Nellie Loughery. Miss Goodpasture taught the children election and did the thing to a tune. Miss Loughery was chief of music and the singing proved that she was the right person for the place. Mrs. R. L. Silcox was the decorator and the tasty decorations proved her to be an artist of rare skill. Rev. J. L. McKay took the responsible position of master of ceremonies and officiated in such a pleasing way that all felt at home.

We had a few complimentary pieces from our neighbors, such as a solo by Miss Ruth McKay, of Concord, daughter of our pastor, who did exceedingly well, and we extend her our thanks. C. B. McKay, twin brother of our pastor, sang a solo and was encored; he responded and the large audience were treated to the singing of another piece in perfect style, Miss Reams, of Concord, playing the accompaniment.

This occasion was a momentous time, with several of the children being their first time before the public, but they acquitted themselves in good style, bringing a smile from the audience and glory to themselves and their teacher. The following program was rendered in perfect order:

IF YOU HAVE DYSPEPSIA READ THIS.

The old way of taking pepsin, bismuth, etc., to cure dyspepsia is all wrong. They may be put up in tablets or in liquids, the result is just the same. The object is to create artificial digestion, but this does not make a cure. Stop taking the pepsin, etc., and have your dyspepsia or indigestion back again. People use cocaine or opium for nervous troubles and sick headache, it does not cure. Stop taking the drug and the pain and distress return. The only Common Sense Method is to drive out of the system the cause of dyspepsia and sick headache by cleaning the stomach and bowels and at the same time using a medicine that will act upon the liver. This forces through the glands of the stomach the digestive fluid that nature intended. In this way you cure dyspepsia. The medicine that cures dyspepsia by this method is called Dr. Gunn's Improved Liver Pills. Druggists sell these pills at 25c a box. It only takes one pill for a dose. For sale by Lee P. Allcott.

Jacksonville, Ill., Aug. 24, 1901.—For twelve years I have suffered from diabetes and have spent hundreds of dollars with various doctors, with but little benefit. I was recommended to try a bottle of Texas Wonder, Hall's Great Discovery, and will cheerfully testify to the public that it did me more good than all things else put together and am altogether another man. I have persuaded many of my friends to try it.

SEVEN BARKS

Is not a new, untried remedy. It has been on the American market for more than 30 years. It is the most popular household remedy known. Why? Because it is genuine, honest, powerful, thorough, harmless, quick in action and easy to take—the doses are very small.

CURES CHRONIC DYSPEPSIA.

Mrs. Mary J. DeGross, of New York City, in a voluntary letter to Mr. Lyman Brown says:

"For years I have been a chronic dyspeptic. I have taken more kinds of medicine than I can remember, but Seven Barks has proven to be the best. The relief it gives me is speedy and certain. I feel bright and well after its use, the effect is so good."

We have thousands of equally as complimentary letters.

SPECIAL OFFER If you suffer from headaches, kidney or liver troubles, biliousness, dyspepsia or any of the kindred ailments, buy a 50-cent bottle of Seven Barks and try it. If the result is not entirely satisfactory take the bottle back and get your money. The druggist will cheerfully refund it.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The Effective Remedy

WASHINGTON, Iowa, April 4, 1903.

I was troubled for over a year with so scanty a flow that it was virtually suppression. A heavy cold superinduced this condition and nothing I could do seemed to help me. The only effective remedy I ever found was Wine of Cardui. Within two weeks I felt the good effects of the medicine and after I had used 18 bottles in all I was as healthy and regular as any woman could wish to be. My sister used it while expecting to become a mother and found that it made childbirth comparatively easy and after the child was born she found that it helped her to regain her strength.

GRAND WORKS ASSOCIATE, SON OF TEMPERANCE.

WINE OF CARDUI

Wine of Cardui cures nine out of every ten cases of the disorders of menstruation. These cures are permanent, whether the trouble is complicated or not.

Wine of Cardui cures the sickness of young girls, relieves the weakness of adults, banishes leucorrhoea, headaches, backaches and nervousness and eases the crisis attendant on the change of life.

Thousands of mothers besides Miss Root's sister have found grateful relief from the pains of childbirth and have had a quick and happy recovery from its use. You cannot afford to suffer when \$1.00 bottles are sold by all druggists.

WORDS OF PRAISE

G. W. Jones Superintendent of the Oregon State School for Blind Was a Visitor Here Monday.

Mr. George W. Jones, of Salem, was one of the visitors at the commencement exercises of the School for the Blind yes-terday. He is the superintendent of the Oregon state institution and has visited many of the schools for the blind in this country and Canada. In an interview with a Journal representative Tuesday Mr. Jones expressed himself as follows regarding the work of the school in our city:

"During the past few years I have visited many schools devoted to the edu-cation of the blind in this country and Canada, giving close attention to the work accomplished in each. From my obser-vation, for excellent work and the fulfill-ment of the purpose for which the insti-tution was founded, I must place the Il-linois School for the Blind in the front rank of American schools and therefore of the world.

"The state of Illinois has given with a generous hand and I believe every dollar has been expended with splendid judg-ment and the goal of the blind youth of the state constantly in view. The school has been especially fortunate in securing the services of up to date pro-gressive officers and teachers. Dr. Hall's work for the blind has been unpassed by few men since Dr. Howe established the Boston school and am pleased to see his policies enlarged and carried on so ably by Superintendent Freeman. Mr. Free-man is a man of superior executive abili-ty, which, coupled with his knowledge of education work in all its phases throughout the world, has surrounded himself with teachers of the highest qualifications, both in character and education. The excel-lent work being accomplished is a natural result of conditions existing in the man-agement from the board of trustees on down. The people of this state are to be congratulated upon the administration of their school for the blind."

PHI ALPHA

(Continued From Page Four)

Ideal gentleman. I am thinking of Springfield's honored official, my friend, J. M. Grant, whose eloquent voice in this banquet hall is resonant still.

"To all, to each, a fair good night. And pleasing dreams and slumbers light."

S. W. Nichols spoke on the theme "Our Illustrations Dead."

Dr. Jaynes narrated a little incident which occurred in congress between two Phi Alphas, VanEaton and Springer, and it caused no little merriment.

Words of regret were heard from ab-sent members, W. H. Stevenson, Frank Bristow and H. P. Day.

HUGH M. WILSON

spoke on "Commercialism and the Col-lege." The class of '87 was one of the most illustrious in the history of the col-lege. It was composed of seven members and two are here to night. What would this meeting be if all of us were here?

The Sigs were at a rather low ebb in our day and they, to make a better show, limited the membership to twenty-five.

We ran the Rambler, the college and the faculty. (Laughter and applause).

Many jokes and stories followed, but they cannot be given here.

On the frontier in early days might made right; the reign of law followed, but we go no further than the law re-quires. Our business relations should be of such a high, ethical standard that the golden rule will prevail. The conflict be-tween capital and labor is unfortunate and will only be overcome by the practice of the law of fairness. We see corpora-tions obey the law when it suits them and let it go at other times, and that makes anarchy. The labor unions com-mit many crimes in defense of their rights, as they suppose, but they must be taught obedience to law. Young men, when you go out into the world don't try to be cute and overreaching. A higher ethical standard must prevail or we shall reap a bitter harvest. (Applause).

PRESIDENT C. W. BARNES

spoke on "The College." He was greeted with hearty applause and spoke briefly, as the hour was getting late.

I will tell you more of the institution to-morrow. When you gentlemen tell of the noble deeds of your members it takes the harmony of sweet music to ex-press the sentiment truly. You should love the college for the past, the present and for its possibilities. We need more than tales and songs. We want effort. If we are going to make the college prosper we must stand hand to hand and put those hands deep into our pockets. The preservation of Beecher hall has been suggested. This fall we are to celebrate our 75th anniversary. That building is 75 years old and is decaying for lack of funds for its repair. I would like to see that hall put in good condition again. I trust you to night, Old Illinois College. Long may she live and prosper; preserve old Beecher hall, the noblest monument the college has. (Applause).

REV. GEORGE C. LENINGTON

spoke on "Virginia, mother of states has a worthy namesake in the Capital of Cass county, Illinois."

I am glad the county of Cass had the honor of furnishing VanEaton, one of Phi Alpha's founders. Our city has lovely green grass, beautiful ladies, horse fairs and the like. Our society may learn a lesson from the little town. This great so-ciety is a colony founded by great men. I well remember how I felt when I first spoke in the society and the manner in which my mistakes were kindly pointed out, and so we should go out into the world and strive to make men. (Ap-plause).

E. D. MARTIN

spoke of the undergraduate. What can you expect of an undergraduate member of such a society possessing such men; a founder who is with us sixty years after the first meeting? It is due to the splen-did spirit of the society that her mem-bers won debates and honors in such large measure and we want you to know we are alive yet. When the first pres-ident and I, the last, look at each other over the lapse of sixty years the moment is inspiring. The great cloud of wit-nesses will rejoice with the work of the undergraduates. We are in sympathy with all that is being done for the col-lege and bid the young members ever be true, zealous and loyal. (Applause).

The stirring song, Phi Alpha Days, was then sung by all standing.

The meeting closed with three rousing cheers for Dr. Jayne, founder and first president, three cheers for the society, and three cheers for the college and President Barnes.

NOTES.

The affair was one of the most success-ful in the history of the society. Enthusiasm unbounded prevailed. Many jokes and witty stories were told, laughter and applause abounded and all were merry, vivacious and full of loyalty to the college and the society above all.

It is unfortunate that greater space cannot be given the report.

The flavor of the jokes, the bright sto-ries and above all the enthusiasm cannot be reported on paper.
